Camera Features

- Made in the USA.
- Waterproof, shockproof, and suitable for nearly any use.
- IR has an effective range of 75ft+ in complete darkness.
- Our exclusive Photogray camera body lens darkens in bright conditions and becomes completely transparent under low light conditions. This lens is also transparent of infrared light, allowing LEDs to penetrate even when it is darkened.

Important Information Regarding CVBS and AHD Equipment

- All Dakota Micro, Inc. monitors currently offered are AHD (Analog High Definition). Both AHD and CVBS cameras will function perfectly on the Dakota Micro, Inc. AHD monitors.

Camera Warnings

NEVER RELY ON YOUR DAKOTA MICRO CAMERA AS A SAFETY FEATURE. It is up to your discretion to keep your road travel and other operations safe. Your Dakota Micro camera will provide you with information only based on what it sees. Operation of machinery safety guidelines still apply.

Dakota Micro, Inc. cameras are equipped with an array of light emitters which are visible to the human eye. This feature will aid in low light conditions but has limitations. The effective range of the night vision feature is 1 to 75+ feet and will produce a monochrome image only. **DO NOT ATTEMPT TO DRIVE MACHINERY USING THIS FEATURE.**
